Table of Contents (Vol. 102)

Number 1 – March 1991

Editorial

The need for adequate control groups in nutrition studies
M.E. Shils (U.S.A.) 1

Research papers

Muscular changes in the guinea pig caused by chronic ascorbic acid deficiency
P.A.E. Sillevis Smit, J.M.B.V. de Jong, D. Troost and M.A.G. Kuipers (The Netherlands) 4

Intrathecal immunoglobulin synthesis. Comparison of various formulae with the 'gold standard' of isoelectric focusing
J.H.M. Souverijn, H.M.P. Serrée, R. Peet, W. Grenzebach Smit and G.W. Bruyn (The Netherlands) 11

Multiple defects of the mitochondrial respiratory chain in a mitochondrial encephalopathy (MERRF): a clinical, biochemical and molecular study
L.A. Bindoff, C. Desnuelle, M.A. Birch-Machin, J.-F. Pellissier, G. Serratrice, C. Dravet, M. Bureau, N. Howell and D.M. Turnbull (U.K., France, U.S.A.) . 17

Sensitivity of eye movement registration and visual evoked potentials in evaluation of therapy in patients with multiple sclerosis
M.M.M.M. van Dongen, F.W. Bertelsmann and C.H. Polman (The Netherlands) 25

Cerebral hypoperfusion correlates with mild and parenchymal loss with severe multi-infarct dementia
J. Kawamura, J.S. Meyer, Y. Terayama and S. Weathers (U.S.A.) 32

Anti-presynaptic membrane receptor antibodies in myasthenia gravis
C.-Z. Lu, H. Link, X.-A. Mo, B.-G. Xiao, Y.-L. Zhang and Z. Qin (P.R. of China, Sweden) 39

Increased frequency of chromosome aberrations in long-term cultured cerebrospinal fluid lymphocytes of patients with multiple sclerosis
M. Sandberg-Wollheim, U. Kristoffersson, N. Mandahl and B. Högstedt (Sweden) 46

Mitochondrial encephalomyopathies: a correlation between neuropathological findings and defects in mitochondrial DNA
P.A. McKelvie, J.B. Morley, E. Byrne and S. Marzuki (Australia) 51

Hyperprolactinemia in multiple sclerosis
J.-i. Kira, M. Harada, Y. Yamaguchi, N. Shida and I. Goto (Japan) 61

Search for antibodies to neutral glycolipids in sera of patients with Guillain-Barré syndrome
A.A. Ilyas, F.A. Mithen, Z.-W. Chen and S.D. Cook (U.S.A.) 67

A case of adult onset pure pallidal degeneration. I. Clinical manifestations and neuropathological observations
H. Aizawa, S. Kwak, T. Shimizu, J. Goto, I. Nakano, T. Mannen and H. Shibasaki (Japan) 76

A case of adult onset pure pallidal degeneration. II. Analysis of neurotransmitter markers, with special reference to the termination of pallidothalamic tract in human brain
H. Aizawa, S. Kwak, T. Shimizu, T. Mannen and H. Shibasaki (Japan) 83

Functional respiratory chain studies in subjects with chronic progressive external ophthalmoplegia and large heteroplasmic mitochondrial DNA deletions
I. Trounce, E. Byrne, S. Marzuki, X. Dennett, H. Sudoyo, F. Mastaglia and S.F. Berkovic (Australia) 92

Increased interleukin-1 production by peripheral blood mononuclear cells in patients with multiple sclerosis
M. Matsuda, N. Tsukada, K. Miyagi and N. Yanagisawa (Japan) 100

Hyaluronidase as an adjuvant in the management of tuberculous spinal arachnoiditis
M. Gourie-Devi and P. Satishchandra (India) . . . 105

Pattern and ethnic variations in stroke in Saudi Arabia
S. Al-Rajeh, E. Larbi, O. Bademosi, A. Awada, H. Ismail and H. Al-Freihi (Saudi Arabia) 112

Book reviews 119

Books received 120

Erratum 121

News and Notes 123

Publisher's announcement 124

Number 2 – April 1991

Editorial

Persistent vegetative state, do not resuscitate ... and still more words doctors use
G.F. Molinari (U.S.A.) 125

Review article

The persistent vegetative state – 1990
E.V. Spudis (U.S.A.) 128

Research articles

Morphometric study of cervical anterior horn cells and pyramidal tracts in medulla oblongata and the spinal cord in patients with cerebrovascular diseases
Y. Qiu, Y. Wada, E. Otomo and H. Tsukagoshi (Japan) 137

Saccade metrics in multiple sclerosis: versional velocity disconjugacy as the best clue?
J. Ventre, A. Vighetto, G. Bailly and C. Prablanc (France) 144

Evaluation of traumatic spinal cord edema using evoked potentials recorded from the spinal epidural space. An experimental study in the rat
H. Shanker Sharma, T. Winkler, E. Stålberg, Y. Olsson and P.K. Dey (Sweden) 150

Evaluation of traumatic spinal cord edema using evoked potentials recorded from the spinal epidural space. An experimental study in the rat
H. Shanker Sharma, T. Winkler, E. Stålberg, Y. Olsson and P.K. Dey (Sweden) 150

Extensive proliferation of peripheral type myelin in necrotic spinal cord lesions of multiple sclerosis
T. Yamamoto, J. Kawamura, S. Hashimoto and M. Nakamura (Japan) 163

Class II antigen expression in peripheral neuropathies
G.W. Mitchell, G.S. Williams, E.P. Bosch and M.N. Hart (U.S.A.) 170

Schwann cell GFAP expression increases in axonal neuropathies
G.L. Mancardi, A. Cadoni, M. Tabaton, A. Schenone, A. Zicca, I. De Martini, D. Bianchini, G. Damiani and D. Zaccheo (Italy) 177

Seronegative myasthenia gravis: clinical features, response to therapy and synthesis of acetylcholine receptor antibodies in vitro
B. Birmanns, T. Brenner, O. Abramsky and I. Steiner (Israel) 184

Serum creatine-kinase (CK) and pyruvate-kinase (PK) activities in Duchenne (DMD) as compared with Becker (BMD) muscular dystrophy
M. Zatz, D. Rapaport, M. Vainzof, M.R. Passos-Bueno, E.R. Bortolini, R. de C.M. Pavanello and C.A. Peres (Brazil) 190

Characterisation of dystrophin in carriers of Duchenne muscular dystrophy
A. Clerk, E. Rodillo, J.Z. Heckmatt, V. Dubowitz, P.N. Strong and C.A. Sewry (U.K.) 197

Exclusion of the gene responsible for facioscapulohumeral muscular dystrophy (FSH) at 6q23-q27
M.R. Passos-Bueno, B. Byth, D. Love, J. Terwilliger, J. Ott, D. Rapaport, M. Vainzof, M. Zatz and K.E. Davies (Brazil, U.K., U.S.A.) 206

A study of ^{3}H-PK 11195 binding to "peripheral-type" benzodiazepine receptors on human lymphocytes. Evidence of decreased binding in hepatic encephalopathy
P. Ferrero, P. Rocca, A. Gualerzi, P. Benna, F. Enrichens, G. Olivero, P. Mao, L. Ravizza and B. Bergamasco (Italy) 209

Comparison of Ca^{2+}-activated proteinase enzyme and endogeneous inhibitor activity in brain tissue from normal and Alzheimer's disease cases
D. Mantle and E.K. Perry (U.K.) 220

Cerebrotendinous xanthomatosis: clinical and biochemical evaluation of eight patients and review of the literature
M. Kuriyama, J. Fujiyama, H. Yoshidome, S. Takenaga, K. Matsumuro, T. Kasama, K. Fukuda, T. Kuramoto, T. Hoshita, Y. Seyama, Y. Okatu and M. Osame (Japan) 225

Abnormal sympathetic skin response in alcoholic subjects
J. Valls-Sole, R. Monforte and R. Estruch (Spain) . 233
